

NOW AVAILABLE

THE NEW RAZOR

RANGE OF TANKS

- Compact and modern design from 290mm wide
- Huge range of colours • 10 Year Full Warranty

The new Razor range of ultra slim rainwater tanks from Team Poly incorporate modern design with cutting edge technology. These one piece rainwater tanks are manufactured from food grade polymers and are UV stabilised to prolong the life of the tank whilst retaining their look.

Designed to fit in spaces where most rainwater tanks cannot the Razor range provide a modern unobtrusive answer to your rainwater tank requirements. The ultra slim nature of the Razor range and the compact nature of the Stubby provides maximum flexibility to choose the best fit for your property.

Available in two sizes (1000L & 2000L) with widths from only 290mm the Razor can be offered in a wide variety of colour options.

Buy your rainwater tanks from a company you can trust... Team Poly has been manufacturing rainwater tanks for over 20 years.

| MODEL | CAPACITY IN LITRES | HEIGHT | LENGTH | WIDTH |
|--------|--------------------|--------|--------|-------|
| Razor | 1000L | 1935mm | 2400mm | 290mm |
| Razor | 2000L | 1935mm | 2400mm | 560mm |
| Stubby | 1000L | 1935mm | 1200mm | 560mm |
